

Parish Liaison Network Quarterly Meeting on Zoom

Faith, Hope and Charity in the New Year

Christmas is a time that typically draws together family and friends, but for many, cherished traditions will be impacted this year. The theological virtues of faith, hope and charity give us the strength to face new challenges. Please join us for a virtual PLN gathering to discuss ways that we as Catholics can embody these virtues to face change and joyfully look forward to the New Year. Catholic Charities program leaders will share resources to help those who may be struggling emotionally, physically, or financially during the holidays and will offer ways to safely engage in charitable volunteer activities. We will also express our appreciation to outgoing CEO Art Bennett, as we reflect on his ten years at Catholic Charities and his hopes for the future.
