

Quarterly Meeting of the Parish Liaison Network

Parishes Serving Our Neighbors

Join Us Virtually on Zoom - In Person Option Cancelled

With many around us facing job uncertainty, health concerns, and food insecurity, parish ministries have become critically important to the lives of those in our community. Join us to learn more about how we can serve during the ongoing pandemic, as Parish representatives and Catholic Charities program leaders share best practices of their job, health and food ministries. Also, meet Amber Roseboom, Diocese of Arlington Director of Media Relations, who is the contact person should your parish be contacted by the media, or wish to obtain media coverage of events.
