This is a **fundraising walk** to raised funds for 3 local life affirming ministries who are committed to unifying life affirming ministries so that woman and families thrive. That is why the theme of this walk is We are #BetterTogether

. COVID-19 has not shut down our services and has caused an increase of clients seeking our help. However, fundraising efforts have been greatly impacted with church services and in person fundraising events being cancelled.

**We will *walk* virtually on June 27th  
but the *work* starts now!**

When you register for this event you will get your own fundraising web page to share with others, a chance to win awesome prizes that will be raffled off, and lots of helpful info and tips to help you raise awareness. Why do YOU Walk for Life? Register today and share!
