Our Mission

The clinics' mission is to engage the community to provide free, quality healthcare to low income adults who are uninsured or under-insured in Prince William County.

The clinic does not charge patients receiving basic medical care. All the doctors and nurses who work at the clinic volunteer their time to provide this free medical care.

The clinic is also a portal toward other necessary integrated services that Catholic Charities provides, such as counseling, emergency financial and food assistance and referrals for workforce development and immigration support.

Primary Care

- Preventative care
- Treatment of common illnesses
- Early detection of illnesses or conditions
- Management of chronic (long-lasting) conditions
- Referrals to medical specialists

OBGYN

- Pap smears
- Breast exams
- Ultrasounds to check the pelvic organs and monitor pregnancy
- Fertility counseling and natural family planning
- Management of urinary issues
- Treatment of common problems such as anemia
